

Residential Doors

with the Network VEKA difference...

Stylish doors from your local Network VEKA member can make a big difference to the look and feel of your home. Whether you choose a coloured or woodgrain finish, you can put your own unique stamp on these entranceways.

Residential doors come in a huge range of styles to suit the front or back of your home.

Ask your Network VEKA member to advise you on the best options to suit your needs.

It helps to have a guaranteed expert on your side...

When choosing a new door for your home, it's important to think about your priorities. What is most important to you for your home? Style? Privacy?

There are doors to meet all these requirements, just ask your local Network VEKA member to advise you on all the options, including patterned glass, low thresholds and the huge number of styles to choose from.

Whatever your product preference, you can rest assured that a replacement door from your local Network VEKA member will offer security, safety, style and energy-efficiency. A well-chosen door could even potentially raise the value of your home.

A solid door, or one with double or triple glazing, can also reduce the amount of outdoor noise entering your home. Even if you live by a noisy playground or busy road, the right door could make your home a quiet haven of calm.

Choose clear glass to appreciate the view from your home into the back garden or one of a number of patterned glass options for a little extra privacy from visitors at the front door.

Energy-efficient replacement doors can even save you money by lowering your energy bills: keeping heat in and the cold outside, where it belongs.
